

General Radiologist

General Summary:

Riverside Radiology and Interventional Associates (RRIA) is currently seeking a General Radiologist to work in a beautiful, university town in Athens, Ohio. RRIA is looking for a radiology leader with a desire to be integrated closely with the hospital, medical staff and community to build lasting relationships and deliver high quality care. Support from subspecialists and the RRIA enterprise makes this a rewarding practice experience and a collegial practice environment.

Job Details:

- Position is in Athens, Ohio at OhioHealth O'Bleness Hospital
- Monday – Friday position, no weekends or evenings
- Partnership track or Employed options available
- General radiologist with ability to perform body IR as needed
- Must be able to read mammo and perform breast biopsies
- Competitive compensation (450k+) and benefits package
- Equity opportunities available with partnership

About Riverside Radiology and Interventional Associates:

RRIA is one of the largest sub-specialized private radiology practices in the country having about 100 diagnostic and interventional radiologists on staff. We serve both large and small hospitals not only in central Ohio, but throughout the entire state. Our vast IT infrastructure allows for all job sites to be fully supported by additional general and sub-specialized radiologists located in Columbus and at our other locations throughout the state. RRIA is continually recognized as a national leader in radiology. To learn more about our practice, please visit our website <http://www.riversiderad.com/>

To apply, please send CV to Kristin Gallucci at KGallucci@lucidhealth.com
