

Radiologist

General Summary:

Seeking a general radiologist (open to all subspecialties) to join nationally ranked private practice, Riverside Radiology & Interventional Associates (RRIA) in Marietta, Ohio. The position requires general radiology and will include a low volume of basic CT and Ultrasound guided biopsy and drainage procedures. While sub-specialty skills in diagnostic Neuro and MSK are not required for this position, interested job seekers with these sub-specialty skills are encouraged to consider this position as the Marietta location performs several Neuro and MSK MRI procedures daily.

Job Details:

- Position is located in Marietta, Ohio supporting Marietta Memorial Hospital
- Partnership track or employed
- Ability to subspecialize through internal workflow product
- Competitive salary guarantee with additional income opportunities
- Generous benefits to include health insurance, dental, vision, 401K and CME
- Equity opportunities available
- Instant access to referring clinicians built right inside our internal workflow product
- 24/7 call center support from our operations team

About Riverside Radiology and Interventional Associates:

RRIA is one of the largest sub-specialized private radiology practices in the country having about 100 diagnostic and interventional radiologists on staff. We serve both large and small hospitals not only in central Ohio, but throughout the entire state. Our vast IT infrastructure allows for all job sites to be fully supported by additional general and sub-specialized radiologists located in Columbus and at our other locations throughout the state. RRIA is continually recognized as a national leader in radiology. To learn more about our practice, please visit our website <http://www.riversiderad.com/>
